

To Whomever this may Concern,

October 19 2004

It has been brought to my attention, that the FCC may be replacing Current FM stations with LPFM. This switch would affect the Air1 Christian Music Broadcasts on local bay area stations such as 88.9, 90.7, 95.9 and 100.9. I am writing you to ask you to please reconsider your possible decision.

Air 1 serves the bay area as a positive source of encouragement and wholesome values. In an area where family values are lacking, one can turn to Air1 and be lifted up by the compelling lyrics and overall meaning of the songs. Air 1 serves as method of hope to people who are downtrodden by their current situations and looking for encouragement.

Every day I turn on Air 1 and listen as I go to school, work and other various places. This is the only station I listen to. No other stations provide decent, quality, "family-appropriate" entertainment on the radio. Without Air 1 on the radio, many people such as myself wouldn't be able to get the daily encouragement they need. Many teenagers would only have inappropriate, and worldly-glorifying lyrics to listen to. Many opportunities to choose a decent path in life, and higher moral values would be lost without access to Air 1.

Air 1 serves as a lighthouse to many teenagers and young people who are lost, depressed and unsure of their place in life. This station provides helpful services of prayer, marriage enrichment advice, testimonies of substance addicted citizens who have changed their life (and what helped them do this) and positive role models for children to look up to.

Air 1 is an incredible ministry that is available for anyone who needs help, encouragement and inspiration. Air 1 is the only positive source available in radio broadcasting in the bay area. Our TV's are filled with sex, violence, and hate. Please don't take away Air 1's positive message of love, hope and peace. People who are lost and those of us who need inspiration and encouragement need Air 1.

Please reconsider your decision in regards to bay area Air 1 stations (88.9, 90.7, 95.9, 100.9).

Thank you,  
An Avid Air 1 Listener,  
Emily Hughes
